COUNTRY PASSION, URBAN SOPHISTICATION

Have you ever wished you could take a little piece of the country home? That feeling of being surrounded by nature, with gum trees, big skies and views that seem to go on forever.

Introducing Pure Linens - bricks that gently connect country authenticity with urban life. Painstakingly crafted by our passionate artisans from our factory in the small town of Jindera, not far from the New South Wales / Victoria border, they bring country soul to the heart of your home with sophistication and style.

Pure Linens is a new premium range of bricks available in a stunning palette of four, city-style, sophisticated neutral shades. Each brick has its own finely-curated and subtle hue, which delivers a smooth, surface texture and the highly desirable colour-through brick quality.

These beautifully crafted, quality Australian-made bricks will transform your home and leave you with a feeling of soft country elegance and style.

CRAFTSMANSHIP

In the quiet, country town of Jindera, lies a brick factory full of good, honest locals who live the world of bricks with a passion. Many of the team who work here have long brick-making family histories and are deeply bonded in the time-honoured craftsmanship of clay brickmaking.

Recently, this team of hard-working men and women have worked tirelessly to create Pure Linens, one of the few colour-through brick ranges manufactured in Australia. They are true artisans whose pride for what they do has brought this premium brick range to reality.

SOPHISTICATED NEUTRALS

Universally appealing, the Sophisticated Neutrals trend is subtle and refined, quietly confident, highly liveable and timeless. The inherent adaptability of neutrals allows this style to suit a wide range of homes and lifestyles and is popular for those looking for an understated, restrained, and chic palette.

Why call our new range Pure Linens? Linen is a natural material that is synonymous with a natural colour palette, a unique texture and simple sophistication. Pure Linens is a beautifully curated range of neutrals that will transform your home, leaving you with a feeling of soft country elegance and style.

CINDERS & SOOT

There's nothing like the natural blues and blacks of the ashes left by a country fire. Cinders & Soot adds an element of excitement to any modern home. The darkest neutral in the collection, they define a space with energy and a sense of drama.

FLANNEL GREY

Imagine the grey mist rising peacefully above a country paddock. With a soft, cool-grey tone, these bricks take inspiration from early mornings in Jindera. Flannel Grey is a boundlessly versatile grey with a long-term chic appeal. Its effortless tone is perfectly suited to any monochromatic palette.

PEBBLE CREEK

Few things have a natural sense of calm like a creek trickling with water from overnight rain. Pebble Creek seeks that nostalgic feeling, like the memory of stones shimmering in the water. They are a warmer take on neutrals, perfect for bringing the outdoors into your modern build.

WHISPERING WHITE

There is something natural and reassuring about a White Gum Tree. The soothing effect it has while standing tall, whispering to surrounding gums. This crisp white brick brings tranquillity to your home. The ultimate neutral, this unique tone will take your architectural brickwork to the next level with an air of refinement.

Clay bricks are made from naturally occurring minerals. Variations in colour, texture, and size are natural characteristics of clay products and production variations can occur from batch to batch.
