# GET THE LOOK WITH PGH BRICKS

The Industrial Chic movement has fuelled the inspiration behind the creation of our bespoke, locally made Manhattan Collection of bricks. The urban and raw Manhattan Collection is signified by bricks highlighting the weathered and distressed imperfections of intended knots, scratches and nicks designed to bring to life an edgy, exposed brick wall look and feel. The Manhattan Collection from PGH Bricks can help you achieve a warehouse style home look and feel from a new build beginning.

*The Manhattan Collection has been designed to help achieve a rustic and recycled look in a modern build with all the benefits of a new brick.*

## THE BENEFITS OF MANHATTAN BRICKS

- The Manhattan Range products are manufactured to Australian Standard.
- The PGH Product Warranty offers confidence and peace of mind.
- Manhattan products are Exposure Grade Quality and are built to withstand saline (salty) environments.
- The Manhattan Collection is available in any quantity required (one batch).
- PGH Surface application slurries do not contain lead.
- PGH breakages guaranteed to be less than 5%.
- The Manhattan product has perforations, making it easy to lay.
- PGH products meet all Fire Ratings requirements.
- The Manhattan Range product is manufactured to standard size and works to bricklayers gauging (heights).
- Builders can guarantee brickwork using Manhattan bricks.

## RECREATE THE LOOK

with our range of bricks.

### MANHATTAN TRIBECA

The rich Tribeca colour palette brings personality into any space.

### MANHATTAN CHELSEA

The muted tones of the Chelsea brick convey a harmonious, comfortable elegance.

## INDUSTRIAL CHIC - HOW TO ACHIEVE IT

For those designing and building a new home and wanting to create this look, there are three elements to consider – materials, scale and layers. Exposed brick feature walls are a good starting point.
