

Get the natural stone look

Introducing Whitehaven

The latest addition to our PGH Stone Collection, boasting a luminous brilliance that sets it apart from conventional hues.

Radiating a pristine glow, this lighter shade illuminates spaces with an unmatched purity, adding a touch of sophistication to any environment.

Whitehaven offers an array of possibilities for both residential and commercial spaces, harmonizing effortlessly with materials such as concrete, light timbers, and soft renders, while also providing striking contrasts against dark steelwork and vibrant brick hues.

A lightweight alternative to Natural Stone

Classic LedgeStone	Between 57kg to 62kg per m ²
---------------------------	---

Rugged LedgeStone	Between 48kg to 53kg per m ²
--------------------------	---

Natural Fieldstone	Between 48kg to 53kg per m ²
---------------------------	---

PGH Stone committed to sustainable solutions

The manufacturer of PGH Stone commits to sustainability by reducing waste and conserving resources during production. It recycles the wastewater from its manufacturing process and crushes imperfectly manufactured products to repurpose the material.

Benefits of PGH Stone

PGH Stone is made in Australia, does not require painting or coating and can be used indoors or outdoors. It is backed by CSR, has minimal maintenance long-term and comes with a **manufacturer's warranty of 15 years.**

Disclaimer:

Information in this brochure is general only and is not a recommendation to use any of our products. Always obtain specialist advice to ensure our products, and their intended use, meet your requirements. If product images are shown, colours are represented as accurately as possible but we recommend checking your chosen product against a sample (or in a selection centre) before purchasing as digital representations may affect colour tones and finishes. In addition, products (including from batch to batch) and samples may vary regarding colour and surface finish due to manufacturing processes and raw materials used. For further information please contact our Customer Service Centre on 13 15 79.

Warning:

The fine dust in/on the PGH supplied products may include respirable crystalline silica. Cutting, breaking, drilling, sawing, grinding, and finishing may generate dust which is hazardous. Recommendations on exposure controls and personal protection should be followed. For more information visit: www.pghbricks.com.au/product-info/working-safely-pgh
