17th April 2024

To Whom It May Concern,

I, Kevin Lester, hereby certify that I have conducted a thorough inspection of the production facility of Vener Stone Pty Ltd, located at 15 Technology Drive, Appin.

Based on my assessment, I can confidently affirm the manufacturing process of their concrete-based products. The cementitious binder, aggregates, admixtures, mix design, pigments and manufacturing process all serve to confirm the product base to be concrete.

Should you require any further information or clarification regarding this certification, please do not hesitate to contact me.

Sincerely,

Kevin Lester

MICT, ACT Dip. ICT
