

THE NEW Morada RANGE

A luxury brick range for the ultimate in contemporary style and design.

Design Versatility

At the forefront of contemporary design, the clean lines, divine colours and ultra-smooth textures of our Morada brick range set a new benchmark for building luxury. Made in Spain from ultra-fine clay, we've now introduced five new colours to the Morada colour palette, to increase the design versatility of this stunning range even further.

Building on our existing and already flexible Morada colour palette, these colour-through bricks are now available in five unique new shades; Ares, Rojo, Cacao, Nero Satin and Nero Gloss.

Use as a stand-alone material in any luxury modern build to evoke strength, simplicity and style or alternatively, pair with other materials to create trendsetting contrasts in colour, texture and design.

The Morada Range is available in three different sizes; Standard, Splits, and the long, sleek design of Linear.^{*} All colours are also available as a brick facing, giving you the design flexibility to get the timeless beauty of brick into any internal space.
