

**[Bringelly Brickworks CCC]  
Annual Report [2019]**

## Community Consultative Committee Details

<b>CCC / Project Name:</b>	Bringelly Brickworks	<b>Reporting Period:</b>	January-December 2019
<b>Independent Chairperson:</b>	<b>Kath Elliott Kath Elliott Communications</b>	<b>Proponent Contact:</b>	<b>Debbie Cook National WHSE Manager PGH Bricks and Pavers Pty Ltd.</b>

### 1. Executive Summary

The Bringelly Brickworks CCC was established prior to PGH relinquishing its current long-standing planning approval for a new approval.

This report covers the period January to December 2019.

The committee met once (in September) in the period January to December 19. Committee members were consulted on the need for meetings while approval had still not been triggered during the reporting period and agreed that the reduced frequency was acceptable in 2019.

The meeting focused on road condition and road works, the status of the approval, management plans (particularly the transport management plan given the traffic volume near the Bringelly School) environmental performance (dust monitoring) and the previous annual report . The Committee also discussed the neighbouring concrete batching plant approval proposed by Boral.

### 2. CCC activities over last 12 months

- One meeting held on 26 September 2019
- There was a majority of members present.
- Additional consultation activities related to the CCC have included correspondence with CCC members outside meetings.

### 3. Key issues

Summary of key issues raised by the CCC and actions taken to respond to these.

<b>Issue</b>	<b>Actions Taken</b>	<b>Next Steps</b>
<b>Issue 1 Increased truck movements</b>	<ul style="list-style-type: none"><li>• PGH submitted a Traffic Management Plan which included a Driver Code of Conduct.</li><li>• Advice that truck movements would not</li></ul>	<ul style="list-style-type: none"><li>• Presentation on TMP</li></ul>

**[Bringelly Brickworks CCC]  
Annual Report [2019]**

	<p>increase under new approval</p> <ul style="list-style-type: none"> <li>• PGH conducted a vehicle count at the brickworks entrance (at request of the CCC) and reported to CCC.</li> </ul>

**4. Focus for next 12 months**

- An emerging event is the commencement of SSD-5684"approval, and implementation of the conditions of consent. Committee members are able to see keen to see management plans on PGH website.
- PGH will present the details of the new approval, including consent conditions, and management plans as they are completed, to the CCC.
- PGH will re-issue an invitation to Boral to present at a CCC meeting to discuss the neighbouring concrete batching plant development with a view to understanding any cumulative impacts.
- PGH will regularly report dust monitoring and other environmental results to the CCC.
- CCC will continue to follow up invitation to RMS to present on the upgrades the intersection of the Northern Rd and Greendale Rd and seek resolutions to safety.
